

Hi Guys

2025 started off strong at our Annual Meeting.

Thanks to everyone who braved the weather to join us.

We reviewed the Club Vision and were reminded of our history and passion for the sport.

***IMCA Old Timers – Statement of Purpose.***

*The IMCA Old Timers was originally incorporated under the laws of the State of Minnesota on April 7, 1984, to promote, preserve and maintain the historical records and documents of the International Motor Contest Association. The club has evolved into a group of car owners and others who are dedicated to the preservation and restoration of all types of vintage race cars, to include those with IMCA history and also to the recognition of former Race Car Drivers, Owners, and Mechanics. The clubs main activity is the sponsorship and promotion of vintage exhibition racing events and through these actions, to provide an opportunity for social and technical interaction by its members having an interest in auto racing history.*

I'm excited to see your enthusiasm for both our history and the future of the club. I encourage you to get involved throughout the year. Together we'll make it the best year ever.

If you still need to renew your membership, contact Treasurer, Jim to pay your dues.

If you know someone that should consider joining, ask them.

The more active members we have, the more we can accomplish.

We want everyone to select a committee and get involved.

Let me or a Board Member know what committee you're Interested in joining.

Thank you for your support. Let's work hard together and "Thrive in 2025"!

Rob Caho  
President
